

# Cryptos Are Making Broke College Students Rich

Retrieved Friday 11th of August 2017 06:49:48 PM

Oula ... we have never seen anything like ... gains of 1,860% ... 2,934% ... and even 11,664% in 12 months ...

In the field of cryptos, prices have been burning for 18 months ... hundreds of people have made fortunes - even students who have put less than 100 euros in the markets - to see them transform into hundreds of thousands of dollars. euro ...

You can imagine that examples of successes of this kind - in any field - do not appear every day ...

In fact, crypto-currencies, it seems, have produced more gains in less time than any other asset in the history of the markets ...

Look: Today cryptos represent a market of 102 billion euros ... or the valuation on the stock exchange of the company Total ... against a stock valuation of less than 1 billion in mid-2013 ... and less than 4 Billion euros in early 2015 ...

We are not aware of an asset class that took 98 billion euros of valuation in less than 3 years ...

However, we have seen it with the cryptos ...

For most people, cryptos - and even bitcoin - are assets they've seen in the newspapers, but do not yet fully understand ...

Many people are waiting for lack of knowledge ... or because they do not know if they have already missed the opportunity to enter the cryptos ...

Well, if you are one of those people, you should at all costs take a look at the presentation we just made on the subject of bitcoin - and cryptos ...

In particular, we show what today represents the opportunity in the cryptos - including data that will allow you to know where the future gains will come from ...

Understand - despite the ascent of the bitcoin, we are still far from having heard the last word on the crypto-coins ...

Moreover, many of the people who will benefit from the revolution of cryptos will do so without even having a bitcoin or crypto-change, but by participating in a separate asset class, of which you may not know the existence ...

In short, for this reason, we have developed [a presentation on crypto-currencies](#) that you should consult urgently ...
